

## Mockup Review Notes

*November 14, 2018*

**Creative Director:** Brandon Krisko

**Designer:** Jenny Kim

### Notes:

- Color contrast with text and background – could be greater/more interesting
- Use colors from the creative brief (taking into account all of the source images)
- Choose “pop” colors
- Copenhagen title on top? Maybe easier to build and read
- Footer
- Placement of the photos – grid is not always consistent
- Make clear that text is going with an image, if image is breaking the pattern
